

Martin Seyfried

Curriculum vitae

Address: Ormisstrasse 123
8706 Meilen

Phone: 043 843 91 64 Mobile: 076 475 14 30

email: Sey@oci.uzh.ch

Date of birth: 5. January 1980

Place of birth / Nationality: Zürich / Switzerland

Education

Studies	2006 – present	University of Zürich Doctoral work in the group of Prof. N. W. Luedtke
	2000 – 2006	University of Zürich Studies in Organic chemistry as major, inorganic chemistry and biochemistry as minor topic
	April 2006	Diploma from the University of Zürich
	2005	Diploma thesis (org. Chemistry) in the group of Prof. H. Heimgartner: Reactions of Benzyliidenephényl-rhodanine with different 1,3-dipoles
	2004	Practical work (inorg. Chemistry) in the group of Prof. R. Alberto: Cp*Re(CO) ₂ (MeCN) and experiments for the abstraction of an other CO
School	1993 – 2000	Kantonsschule Hohe Promenade Zürich (high school)
	2000	Matura type A (ancient languages with Latin, ancient Greek and French) and B (additional English)
	1987 – 1993	primary school at Feldmeilen, Zürich

Experience

2006 – present *University of Zürich*
Assistance teaching in practical courses for medicine and chemistry students

Mai – Oct. 06

Ciba SC Basel

Practical stage in the research group of the segment plastic additives

Language

German
English / French

Mother language
school knowledge

Publications

Alexander Dichtl, Martin Seyfried, Kai-Uwe Schoening
A Novel Method for the Synthesis for *N*-Alkoxyamines Starting from Nitroxide Radicals and Ketones
Synlett **2008**, 12, 1877-1881.

M.S. Seyfried, A. Linden, G. Mlostoń and H. Heimgartner
Chemoselectivity of the [2+3]-Cycloaddition of Thiocarbonyl Ylides with 5-Benzylidene-3-phenylrhodanine
Polish J. Chem. **2006**, 80, 1363-1376.
